“YES” Words Communication Training

Members of the Greater Southwest Chapter CMAA will make greater sense of their communication and transfer the skills examined in this session to their communication at work and at home. They will learn to initiate change and to produce the results they seek. Jeanne trains her audiences to use “YES” words and think like an improviser to communicate without a script.

As a result of attending this program participants will be able to: Identify and support unique needs of club members with greater ease; Understand and lead staff development in less time; Convert board and committee members from conflict to collaboration.
